# Greetings from our CEO and Board Chair

Dear Friends:

We are delighted to share Family Legal Care's 2022 Annual Report. We've entered our 26th year with a new name that evokes our mission to ensure that all New Yorkers have a fair chance at justice in Family Court.

Your support has helped parents and caregivers create stability for their families ... and we thank you. Together, we have:

Reimagined our **website**, making it easier to access our unique repository of resources.

Deepened our **portfolio of programs** and technologies that address the digital divide.

Enhanced our **signature programs**—including our Helpline and multilingual Legal Resource Guides.

Increased our focus on **advocating for system reform**.

**The stakes are high in cases involving child support, custody and visitation, parentage, and domestic violence. The outcomes will ensure, or undercut, a family's ability to thrive. The consequences are life-changing—and in many cases, lifelong.**

This is why we are so firmly committed to innovating and working toward the day when justice in New York State Family Court is attainable for everyone.

With your partnership, we know we will continue to meet the challenges of these demanding times.

With gratitude,

*Cathy Cramer*  
Cathy A. Cramer  
CEO

Board Chair

# Our Vision

We envision a world in which **justice** in New York State Family Court **is attainable for everyone**, fully and equitably—no matter who they are, where they live, or their economic status—because **all families deserve** the opportunity to create **stability, security,** and **emotional well-being.**

## Our Mission

Family Legal Care's mission is to increase access to justice in New York State Family Court. We combine legal guidance, easy-to-access technology, and compassionate support to help unrepresented parents and caregivers self-advocate on critical family law issues, while working on reform that improves the system for everyone.

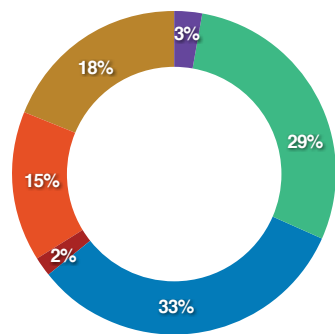

## Diversity, Equity, Inclusion, and Accountability

The overburdened Family Court has historically been plagued by under-resourcing and systemic racism. At Family Legal Care, we are working closely with the courts and our elected officials to address inequities that impede fair access to services and care. We are also reviewing our internal practices and exploring ways in which our operations can be a more powerful lever in fighting poverty and advancing equity. Thanks to a generous donation from our co-founder, Leslie Abbey, we are able to invest even more deeply in DEIA in the coming year.

# Who We Serve

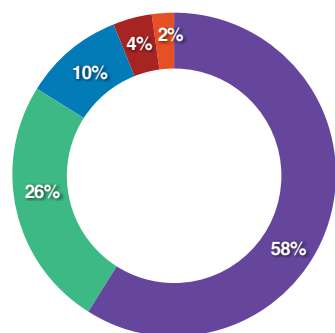

Family Legal Care provides unrepresented litigants with free legal services on **child support, custody and visitation, parentage, guardianship, and domestic violence.**

Note: Language continues to evolve as the terms we use to identify ourselves change.

# Sophie's Story

*Family Legal Care gave me confidence and courage.*

**I'm Sophie's mom until I leave this earth.** Everything I do is to protect her.

I was scared when my ex showed up, threatening to take my baby away. I had no experience with Family Court. But my Family Legal Care lawyer told me, **"We've got your back."**

Family Legal Care prepared me

to **represent myself**. They helped me **understand the legal process** and my rights as Sophie's custodial parent.

When the court ruled in my favor for custody and for my ex to pay child support, I knew I'd gotten justice for Sophie. With **child support**, I can finally afford daycare and can work enough to give my daughter the best possible life, security and emotional stability.

# Ana's Story

*Family Legal Care removes barriers to justice.*

**Navigating Family Court is never easy.** It's even harder when **language is a barrier**.

Ana came to Family Legal Care for help with a **sole custody petition**. The father of her child was abusive. Now, he was threatening to **falsely report** Ana as an unfit parent and take her son away.

Like many people who speak languages other than English,

Ana faced extra hurdles when interacting with the court system.

**Family Legal Care provided legal advice and resources in Spanish** so Ana could make her case and protect her child.

Ana got an **emergency hearing** with a judge, who ruled in her favor. We also connected her with **domestic violence services** at one of our trusted partner agencies.

# Our Programs

We continue to evolve our programs and resources in response to feedback from clients and our ever-changing environment. In 2022, we launched a new website, redesigned our Legal Resource Guides, expanded our Tech Hub to Queens, and introduced our new Guided Court Forms—increasing access to justice for all, one family at a time.

## Helpline: A Real Human is Here to Listen

Our Helpline is often the first point of contact for parents and caregivers who need support navigating New York Family Court. Accessible by **phone, email, and text-chat**, our **English/Spanish Helpline** provides family law information, referrals, and appointments with our staff attorneys for in-depth case support.

## Legal Consultations: Flexible, Accessible and Personalized

Our staff and pro bono attorneys meet one-on-one with unrepresented parents and caregivers via **video chat** or **phone** to provide legal advice and case strategy during crucial phases of their court case.

## Legal Resource Guides in Nine Languages

We introduced a new **digital and print** design this year with improved layout, streamlined navigation, and more ways for clients to engage. Our library of over **60 multilingual guides** provides step-by-step information on New York State family law and Family Court procedure in simple, accessible language. Guides are available on our website and at Family Courts around New York State.

## Legal Education and Community Outreach

Family Legal Care's staff attorneys host **legal education workshops, family law clinics, and know-your-rights webinars** with community-based partners. Our community partnerships focus on under-resourced communities and underserved populations, including: Spanish-speaking and immigrant families, previously incarcerated and incarcerated parents, veterans and active service members, and domestic violence survivors.

## Digital Justice Initiative: Bridging the Digital Divide

Family Legal Care is an innovator in deploying technology to increase access to justice. Our Digital Justice Initiative offers **practical tools that address gaps in the Family Court's online resources**—enabling litigants to navigate the court system on their own, without an attorney. Every tool we create is accessible from any web-connected device.

“Access to the internet means nothing if you are unable to find the help you are seeking ... that's why **it is vital that we ensure there is equal access** to tools and information online. Providing these resources is the cornerstone to critical legal empowerment.

– Ryan Gallagher, Director of Legal Technology

## Family Law Navigator: A First Step in Addressing Family Law Matters

With the Family Law Navigator, parents and caregivers **answer questions** about their family law topic and are given a **detailed, customized report** with next steps they should take—including which forms and petitions they need to fill out. This year, we look forward to launching our full **Family Law Navigator tool in Spanish**.

## Guided Court Forms: User-Friendly and Accessible to All

Our **Guided Court Forms** allow users to easily complete court forms from any web connected device. After responding to **easy-to-understand** questions in **plain language**, answers are mapped onto the fields of the form and a completed document is generated in the format accepted by the **court's electronic portal**.

## Tech Hubs

This year, we expanded our **Tech Hub** program to increase access to justice for even more litigants. We now have two locations, in Brooklyn and Queens, and will soon open our third Hub in the Bronx.

Tech Hubs offer litigants a confidential space, on-site technical assistance, computers, and internet to attend **virtual Family Court hearings**, download and submit **Family Court forms**, and **navigate online court** systems.

# System Reform and Advocacy

## Amplifying the voices of unrepresented litigants

Family Legal Care is the only organization that works exclusively with unrepresented (pro se) litigants in New York State Family Court—giving us a unique perspective on issues in need of reform. We are out in the community—testifying at hearings, sharing feedback from clients to shape practices and procedures, and informing and inspiring a next generation of lawyers and activists. Through our close relationship with the courts and participation in committees at the city and state levels, we are well-positioned to advocate for access and equity from within.

## City and state committees we participate in:

Advocates Against Domestic Violence

Borough Based Agency Heads Meeting

Child Support COVID-19 Task Force

Custody, Visitation, Orders of Protection COVID-19 Task Force for the NYC Family Courts

# Q&A

with Molly Burke,  
Advocacy and  
Policy Advisor

**Q: What's unique about our advocacy work?**

**A:** No other organization works with pro se litigants in Family Court the way that we do. Pro se litigants don't have an organized body representing their needs within the system, and we fill that role. As a direct service organization, our advocacy work takes many different forms, from **legislation**, to **partnerships**, to **know-your-rights trainings**.

We work in a court system where the litigants are primarily under-resourced people of color seeking help on issues that are **fundamental to their family stability**—such as **custody**, **visitation and child support**.

The issue of family stability has profound reverberations. When we help someone understand their rights and how to self-advocate in Family Court, they

“The issue of family stability has profound reverberations.”

are empowered to share their learning. In this way, **advocacy creates positive reverberations throughout communities**.

At the same time, on a systemic level, advocacy is about influencing the policies that impact our clients and ensuring they equitably apply to the pro se litigants seeking family stability in New York Family Court.

## Advocating for a better Family Court system for all New Yorkers. Where we testified in 2022:

NYC Council's Committee on Veterans' hearing on the Needs of the Department of Veterans' Services

NYC Council's General Welfare Committee

NYC Council's Committee on Immigration

NYC Council's Public Safety Committee

NYC Council's Committee on Finance

# Pro Bono Community

Our pro bono partners from the private bar include top law firms and corporate legal departments. Lawyers donate their time to offer 1-1 legal advice to Family Legal Care litigants—via user-friendly videoconferencing technology.

This smart pro bono model is a vital, time-saving component of our efforts to close the justice gap—allowing us to support increasing numbers of people as they navigate Family Court.

To learn more about ways to get involved, contact our Director of Pro Bono Programs, Sami Ingram, at [SIngram@familylegalcare.org](mailto:SIngram@familylegalcare.org).

## Pro Bono Partner Spotlight: Fried Frank

Thank you, Fried Frank, for conducting over 200 hours of pro bono legal consultations and helping our clients address urgent family law matters that often have a life-long impact. We are grateful for your dedicated partnership that enables us to meet the rising demand for our services across the state.

### Claire's Story: Establishing Rights for Parents Who Rely on Assisted Reproductive Technology

*Tristan Schmidt, a Family Legal Care Pro Bono Attorney from Fried Frank, helped Claire win her parentage case by utilizing a new law that expands the definition of paternity. The law recognizes the legal rights of non-biological parents who rely on assisted reproductive technology—a change which is particularly impactful for LGBTQ+ parents.*

Claire and Tania separated shortly after conceiving a child together through assisted reproduction.

Claire, the non-biological parent, was not only devastated by their separation, but by Tania's threat to prevent her from seeing their baby.

Unsure of what to do, Claire called Family Legal Care's Helpline and was referred for a legal consultation with Tristan Schmidt. Tristan advised her about the new Child-Parent Security Act and through Tristan's guidance and coaching, Claire successfully self-advocated in court.

Claire is now recognized as a legal parent in New York and is eagerly awaiting the birth of her child. In Claire's words, **"you kept me grounded and gave me hope. I know I'm not your only client, but you made me feel like I was."**

**“** *Wow you guys are amazing.  
You made my life so much  
easier I’m crying right now.  
It’s a good cry. I wish I knew  
about you guys a long time  
ago, however I’m extremely  
grateful for your help now.  
Thank you so much. ”*

## Ways to Give

### Donate Online

Make a secure online donation today and/or a sustaining monthly gift to provide reliable support via credit card, PayPal, or ACH transfer to support equal access to justice for New York families.

**Visit:** [give.familylegalcare.org](https://give.familylegalcare.org).

### Employer Matching Gifts

Many companies match charitable donations made by employees. To double or even triple your gift, check if your company has a matching gift program.

### Support Our Annual Gala

Join us on June 6th at Tribeca Rooftop to celebrate our inspiring honorees and extraordinary community as we come together for a memorable evening in support of our vital mission.

**Visit:** [give.familylegalcare.org/2023gala](https://give.familylegalcare.org/2023gala).

### Donate Stock

Making a stock donation is an impactful way to support Family Legal Care and ensure access to justice for children and families.

**Please call 646-455-1776 for more information.**

### Donate by Mail

Give by check or money order payable to Family Legal Care, 32 Court Street, Suite 1208, Brooklyn, NY 11201.

### Give in Honor or Memory

Whether it's a tribute to the memory of a loved one or in celebration of a special occasion, your gift is a thoughtful way to honor others while supporting our mission.
